

CORPORATE PROFILE

ABOUT US :

GPL is an indigenous company that specializes in projects, engineering and consultancy services, licensed to provide high quality products and services within the energy and public sectors.

Our team is made up of qualified and competent technical and administrative personnel who have made tremendous contribution to the Nigeria economy at large. Our personnel have undergone various professional and role-specific trainings within and outside the country.

ABOUT OUR TEAM :

Personnel are our number one asset as we depend on the knowledge, imagination, skill, diversity, flexibility, integrity and overall teamwork of our employees, which defines our collective strength and desire.

We seek to provide an atmosphere within our work-place that attracts highly talented people as well as helping them achieve their full potentials. Each employee is responsible for creating a climate of trust and respect and for promoting a productive work environment.

MISSION STATEMENT:

Our mission is to continuously build a stronghold for the execution of engineering and maintenance services while providing our customers with valued solutions.

VISION STATEMENT:

Our vision is to be a global engineering and maintenance service provider for Industries with a focal team of talented minds.

CORE VALUES AND STANDARDS:

- * **CUSTOMER** : We are solution providers.
- * **PERSONNEL** : Always maintaining a team of focal and talented minds.
- * **SAFETY** : Prioritizing safety for all projects and operations.
- * **PLANNING** : Achieving quality and timely delivery of projects and services.

CORPORATE INTEGRITY STATEMENT:

GPL executive board has the ultimate responsibility for integrity assurance.

To this end, we shall meet this commitment through the following objectives;

- 1) managing ethical systems while ensuring their performance is optimal.
- 2) to remain honest while conducting our business professionally and ethically.
- 3) to ensure the work - place remain established to promote safety and dignity of clients , customers as well as employees.
- 4) to maintain effective and robust system of work.
- 5) to measure, appraise and report on integrity assurance with a provision for periodic review of the integrity structure.
- :
- 6) to train, re-skill and retool all staff to enable competence.

▶ OUR POLICIES:

QUALITY POLICY STATEMENT :

We are committed to providing customers with valued services at the highest level possible.

Our objectives are to;

- 1) develop and implement a systematic approach to quality management.
- 2) provide exceptional service and reliability.
- 3) ensure that our quality policy and standards are understood and followed at all levels in our operations.
- 4) measure, appraise and report in quality performance.
- 5) maintain open communication with customers and evaluate customer satisfaction.

The above objectives would be achieved through the requirements of our Quality Management System (QMS).

HEALTH POLICY STATEMENT :

GENIUS PROJECTS LTD (GPL) shall ensure a safe, healthy work-place for all our employees. Management is accountable for preventing work-place injuries and illnesses. Management will provide top-level support of programmes that would tend towards achieving safer and healthier work-place. Management would be kept informed about work-place safety and health hazards and would regularly review company safety and health programmes.

Supervisors are responsible for training and supervising workers to ensure best work behaviour aimed at eliminating injuries and illnesses. The supervisor shall lead safety and health efforts by example.

A safety committee shall be responsible for developing HSE programmes and managing work-place safety.

Safety is a shared commitment consequently, all employees are expected and encouraged to participate in safety and health programmes including the reporting and documentation of hazards, unsafe acts and unsafe conditions, incidents and accidents. All employees shall wear fit-to-purpose PPE when and where required.

SAFETY POLICY STATEMENT :

Accident prevention is the responsibility of all. At **GENIUS PROJECTS LTD (GPL)** preventing accidents in all phases of our operations shall be our primary consideration. It is our plan and responsibility to provide a safe and healthy work-place for all our employees. We shall establish and insist on the best practices of safe work for all our operations.

All supervisors shall make safety an integral part of their management duties. Each employee must accept and follow all established safety, loss control and risk management regulation and policies. If an employee is not sure of how safe to perform any task, he or she must get confirmation from a qualified personnel for guidance / help.

At GPL, we believe that safety is a team effort and accidents hurt everyone.

ENVIRONMENTAL MANAGEMENT POLICY:

GPL is committed to achieving an excellent environmental management regime. Hence, we shall;

- 1) Set targets and goals aimed at protecting and preventing damage to environment where projects are executed.
- 2) Promote a culture of operation in a safe manner to avoid spills, leaks and accidental discharge of any polluting substance or material.
- 3) Limit the quantity of waste and other discharges while handling/disposing of them in reasonably acceptable manner.
- 4) Assess the environmental consequence of all our activities on the local environment in order to limit pollution.
- 5) Operate and maintain pollution contingency plans capable of responding to emergencies.
- 6) Document all environmental accidents as well as review environmental management laws and regulations.

SCOPE OF SERVICE :
